Any of the \$50 mythical bankroll left over at the end of the contest will not be applied to the winnings that determines contest winners. IE – if a player has \$10 left over after the final race, it will not be applied to the winnings listed on the contest leader board.

If fees are not collected by this time the registrant will be purged from competition. Winner Take All contests will open by 10:30am the same day of the contest. The deadline to enter/cancel selections is the (contest races) race post time. In the event that your selection is scratched, you will be awarded the post time favorite in that respective race and wager.
5. In the event that a contestant selects an entry prior to the selection being announced as a scratch or as a non-starter for pari-mutuel wagering purposes or a contestant's selection is a scratch or declared a non-starter for pari-mutuel wagering purposes at any point, the contestant will receive the post time favorite in that respective race. If the post time favorite is a coupled entry, the contestant receives the entire entry and is credited with the best result of the horses that make up that entry in the applicable wager/s.
6. In the event that a contestant selects a horse that is part of a coupled entry or mutuel field, each of the entries fall under that selection. In the event that a contestant selects a wager that is no longer available in a contest race due to scratches, and/or disqualification, the amount of that wager is refunded the player’s contest bankroll.
7. All Winners Take All contests will feature New York based racing in at least 50% of the participating entry fields. Refunds of contest fees are not allowed under these, or any circumstances. In the event of a tie of total pricing for successful participants, the contest fees will be divided equally between the contestants tying for the 1,2,3rd place position. IE – 2 players tie for 1st, 85% of the fees are divided equally between the two players. If 3 players tie for 2nd place, 40% of the fees will be divided equally between the 3 players.
8. In the case of a dead heat, official race results will determine if an entrant's selection is successful. (Example: If there is a two-horse dead heat for show, a minimum of four horses would be declared successful in meeting one of the contest requirements of finishing first, second or third, scoring will be based on resulting pari-mutuel payout). Disqualified entries are eliminated from competition, and players with DQs do not inherit the post time favorite.
9. If no individual entrant successfully chooses any mythical wagers in each race in the contest, nothing is awarded and contest prizes are carried over to the following Winners Take All online contest. If there is a carryover in the prize pool, participating players that contributed to the original prize carryover would automatically be eligible for paid status in the upcoming carryover contest. Along with that, said players will have a safeguard in place that will ensure that they receive equal increments of win wagers on the post time favorite, (until their mythical bankroll is depleted) in the event that they cannot participate. This safeguard will be in the event of a prize carryover, for players which contributed to that original carryover only. All fees distributed as prize money - if only 1 or 2 players finish in the top 3, those player/s split the remaining place percentages evenly.
10. Any effort to submit multiple selections under an assumed name or account number, or to otherwise defraud this contest subjects contestants to immediate elimination. All monies are awarded as Rewards dollars, and must be wagered. All contest results are final and binding in all respects, all decisions by contest management are final.
